

Dolzhit Tsyrendorzhieva

FRONT END DEVELOPER

ABOUT ME

Hi! I am Front End Developer experienced in creating apps with React, Redux, TypeScript. I'm planning to upgrade my skills further with Node JS and become full-stack developer. In spare time I like doing projects with new technologies to improve skills and expand knowledge. Ready to consider full-time employment as well as project work.

EXPERIENCE

FRONT END DEVELOPER

09.2021 - present

FREELANCE

- Development of SPA using react, redux, react-router-dom, redux-thunk, axios, formik, material UI, styled components.
- Refactoring, bug fixing, migrating to TypeScript.
- Creation of reusable components.
- Development using unit tests and integrational tests with storybook and jest.
